

Yeovil and District Swimming Club members that braved a 22-mile relay swim to earn valuable funds. Right, junior karting star Oakley Pryer.

Team Channel Swim completed by club

OVER 40 swimmers and their coaches from Yeovil and District Swimming Club took part in a sponsored 'Team Channel Swim' at the Oxley Sports Centre in Sherborne.

The pool, along with Goldenstones in Yeovil and also the Sherborne Boys School pool are training centres for the area's most competitive young swimmers, ranging in ages from seven to young adult.

The event aimed to raise funds for the club by the swimmers attempting to complete

the 22-mile swim between them in a series of continual and relay stints.

Their dedicated training regime certainly paid off with the distance completed so quickly that they had time to make the return journey together and swim another 22 miles back again.

Chairman Mary Ann Marsh said: "Everyone has had a fantastic time working together this morning to raise money through sponsorship for our club."

"These fundraising events

mean we can keep our subscription fees lower and are a wonderful opportunity for our YDSC family to have some fun working as a team.

"We are a tight-knit group but we love welcoming new swimmers and their families into our network."

"The youngest swimmers in the club have relished the chance to work with the older club members today, many of whom swim at county, regional and national level."
